

-9-

REMARKS

The Applicant points out that a Request for Correction/Amendment of Inventorship, to add Kenneth P. Felis as an inventor, is concurrently filed herewith.

Claims 1-53 are pending in the application. In the Office Action at hand, Claims 11-13 and 31-53 are allowed, and Claims 1-10 and 14-30 are rejected. The Applicants thank the Examiner for the allowance of Claims 11-13 and 31-53.

Claims 1-10 and 14-30 have been cancelled, with only allowed Claims 11-13 and 31-53 remaining. In addition, Claim 12 has been amended to correct a typographical error. Therefore, with 1-10 and 14-30 now being canceled, the application is now in condition for allowance. Reconsideration is respectfully requested.

With regard to the Examiner's reasons for allowance for independent Claims 39, 42, 45 and 50, the Applicants point out that Claim 42 does not recite "the nozzle being configured to direct the spray of fluid substantially parallel and proximate to the exit window".

CONCLUSION

In view of the above amendments and remarks, it is believed that all claims are in condition for allowance, and it is respectfully requested that the application be passed to issue. If the Examiner feels that a telephone conference would expedite prosecution of this case, the Examiner is invited to call the undersigned.

Respectfully submitted,

HAMILTON, BROOK, SMITH & REYNOLDS, P.C.
